

Alexandria Gazette

VOLUME CIVIL--NO. 118.

ALEXANDRIA, VA., WEDNESDAY EVENING, MAY 16, 1906.

PRICE 2 CENTS.

The Best Guaranty of Merit Is Open Publicity.

Every bottle of Dr. Pierce's world-famous medicines leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicine in a class all by themselves. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, overworked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol, and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient anaphrodisiac.

Neither of the above medicines contains alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure.

Not only do physicians prescribe the above, non-secret medicines largely, but the most intelligent people employ them—people who would not think of using the ordinary patent or secret medicines. Every ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of the several schools of practice. No other medicines put up for like purposes has any such professional endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two mild cathartic. Druggists sell them, and nothing is "just as good." Easy to take as candy.

...LADY WOMAN.

Erroneously thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring the scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide by killing the dandruff germ, leaves the hair free to grow as healthy. Nature intended. Destroy the cause you remove the effect. Kill the dandruff germ with Herpicide. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

Worth its Weight In Gold!

TO REMOVE FRECKLES AND PIMPLES IN TEN DAYS, USE

The Complexion Beautifier

Nadinola is guaranteed, and money refunded if it fails to remove the very worst cases and beautify the complexion in twenty days.

Mrs. Edward Jones, of Mount Sterling, Kentucky, writes:

"I feel it my duty to tell you the benefit Nadinola has been to me. I had suffered almost moribund with freckles, since childhood. Having used all the highly recommended creams and lotions, with most disastrous results, your entire treatment after giving it a fair trial I most heartily recommend it for its worth. I have used Nadinola for the only thing I have ever used with success. Your Nadinola Face Powder is grand. Wishing you the deserved success, I am sincerely,

Price 50 cents and \$1.00, by leading druggists or mail. Prepared by the

[Entered at the Postoffice of Alexandria, Virginia, as second-class matter.]

Interesting Letter.

A dispatch from Berlin to the New York World says that the Orient Correspondent has just made public the text of a letter written by Publius Lentulus, an officer of Pontius Pilate's court, to the Roman Emperor, which was recently discovered in the library of the Lazarist Fathers in Rome.

If this letter proves authentic it may be considered the most important historical document ever discovered regarding the personality of Jesus. It purports to have been written just as Christ was beginning his preaching through Judea. It reads:

"I have learned, O Caesar, that you desired some information regarding this virtuous man called Jesus, the Christ, whom the people consider a prophet and his disciples regard as the Son of God, Creator of heaven and earth.

"It is a fact that every day one hears wonderful things told of him. To be brief, he makes the dead rise and he heals the sick.

"He is a man of medium size, whose appearance indicates both great sweetness and such an amount of dignity that one feels in looking at him that he must love him, and at the same time fear him.

"His hair, down to his ears, is of the color of ripe walnuts and hangs down on his shoulders as a light blond and clear mass; it is parted in the middle, according to the fashion of the Nazarenes. His beard, of the same color as his hair, is curly, and although not very long, is parted in the middle like his hair.

"His eyes are rather severe and shine like the sun; it is impossible for any one to look him long in the face.

"When he scolds he inspires fear, but very soon he himself seems to shed tears. Even in his most severe moods he is affable and benevolent. It is said that no one has ever seen him laugh, and that he sheds tears very often.

"Every one finds that his conversation is agreeable and attractive. He is not seen very often in public, and when he appears he carries himself modestly.

"His manners are very distinguished; he is even beautiful. It is perhaps because his mother is the best looking woman ever seen in these parts.

"If you wish to see him, O Caesar, as you wrote me once, let me know and I shall send him to you.

"Although he has never pursued any studies, he is well up in every branch of knowledge.

"He goes around bareheaded and without head cover.

"Many people make fun of him when they see him coming, but as soon as they are in his presence they tremble and admire him.

"The Hebrews say that they have never seen a man like him, nor heard teachings like those he imparts.

"Many believe that he is a god and others assert that he is thine enemy. O Caesar,

"These naughty Jews give me much trouble. They say he has never given trouble to anybody, but that, on the contrary, he tries to make every one happy."

Labor Unions and Trade Schools.

A criticism of the attitude of labor unions toward industrial schools was embodied in the report yesterday of the committee on industrial education to the National Association of Manufacturers in New York. The report declared that labor unions have made efforts to hinder the perpetuation of trade schools.

"Their efforts," said the report, "are nothing short of a crime against all those young men who desire to learn a trade, and are the cause, in a considerable measure, for the lack of skilled labor in the United States."

The tariff and reciprocity committee reported that under present conditions many manufacturers are greatly handicapped in the German market. The committee asked that strenuous efforts be made by the United States government to reach immediately a fair basis of trade with the German Empire. Another need was stated to be some reciprocal arrangement for trade with Canada.

The secretary's preliminary report was adopted. It stated that "an anti-injunction bill of almost any kind was desired by the labor lobby" at Washington during the present session of Congress.

"Commissioner Garfield, of the bureau of corporations," it continued, "who had procured the introduction of a so-called moderate anti-injunction bill in the previous Congress, this time induced the innocent Congressman Gilbert, of Indiana, to introduce the so-called moderate Gilbert anti-injunction bill. This provided that notice should be given to the adverse parties before a writ of injunction could issue in any labor dispute."

The adherents of labor, said the report, were divided over this bill, Samuel Gompers being among its opponents.

Had a Close Call.

"A dangerous surgical operation, involving the removal of a malignant tumor, as my hand, from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickle, of Millets W. Va. "Persistent use of the Salve completely cured it." Cures Cuts, Burns and Injuries. 25c at E. S. Leadbeater & Sons' druggists.

Woman's Kidney Troubles

Lydia E. Pinkham's Vegetable Compound is Especially Successful in Curing This Fatal Disease.

Of all the diseases known, with which women are afflicted, chronic kidney disease is the most fatal. In fact, unless early and correct treatment is applied, the weary patient seldom survives.

Being fully aware of this, Lydia E. Pinkham, early in her career, gave exhaustive study to the subject, and in producing her great remedy for woman's ills—Lydia E. Pinkham's Vegetable Compound—was careful to see that it contained the correct combination of herbs which was sure to control that fatal disease, woman's kidney troubles. Lydia E. Pinkham's Vegetable Compound is the only one especially prepared for women, and thousands have been cured of serious kidney derangements by it. Derangements of the feminine organs quickly affect the kidneys, and when a woman has such symptoms as pain or weight in the loins, backache, bearing-down pains, scalding or burning sensations or deposits in the urine, unusual thirst, swelling of hands and feet, swelling under the eyes or sharp pains in the back, running through the groin, she may infer that her kidneys are affected and should lose no time in combating the disease with Lydia E. Pinkham's Vegetable Compound, the woman's remedy for woman's ills.

The following letters show how marvelously successful it is.

Mrs. Samuel Frake, of Prospect Plains, N. J., writes:

Dear Mrs. Pinkham—

I cannot thank you enough for what Lydia E. Pinkham's Vegetable Compound, a Woman's Remedy for Woman's ills.

Dear Mrs. Pinkham—

I have been a great sufferer with kidney trouble. My back ached all the time and I was discouraged. I heard that Lydia E. Pinkham's Vegetable Compound would cure kidney disease, and I began to take it; and it has cured me when everything else had failed. I have recommended it to lots of people and they all praise it very highly.

Mrs. Pinkham's Standing Invitation.

Women suffering from kidney trouble, or any form of female weakness, are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, her assistant before her decease, and for twenty-five years since her advice has been freely given to sick women. Out of the great volume of experience which she has to draw from, it is more than likely she has the very knowledge that will help your case. Her advice is free and always helpful.
